

Daniel Garrido

PRODUCT DESIGNER

ABOUT ME

I am very passionate about the development of new technologies and products to help people have a more efficient, freer and happy life.

WORK EXPERIENCE

2018 - **Inncosys**
Development Coordinator
I Delivered successfully over 30 projects for different customers and industries, from idea to final product.

UX/UI Designer
I wireframed and prototyped apps that are now on the market and also for international clients such as Dell Technologies, Nestlé, Biomeriux.

2014-2017 **OutSales**
Sales Manager
I Lead sales teams into a significant revenue Growth. I closed important B2B deals. I implemented a successful CRM Process.

WHAT DO I STAND FOR?

Disruptive Innovation. I try to always think out of the box.

Curiosity. If I don't know it today, I will tomorrow!

Results. Plans are cute, but results are better.

TeamWork. When alone I may go faster, but as a team we'll get further.

Friendship & Family. I truly believe that achievements and happiness are **never** individual.
